

10 February 2020

Dear Families

Following guidance received from the Department for Education (DfE), we are writing to all families to provide information and advice about the Coronavirus.

The information below has been provided to educational establishments to share with staff, students and families:

Current advice for parents/guardians

You should not be unduly worried about the possibility of your children catching the Coronavirus.

There is no reason why your children should not continue to attend their early years, school or further education setting as normal.

We recognise that some families or children may be planning to travel to China during the forthcoming half term period. If so, please refer to the FCO's latest travel advice via the links below.

Latest information and advice can also be found at:

<https://www.gov.uk/coronavirus>

What action you can take?

A UK wide campaign has been launched to provide clear advice on how to slow the spread of Coronavirus.

Please help to support the campaign which promotes basic hygiene practices, such as regularly washing hands and always sneezing into a tissue, to stem the spread of viruses.

Please do share this information with your child to raise awareness. The academy will also help to support the campaign by sharing information with students.

Should we receive any further advice and information we will share this with you.

Yours sincerely

Nicki Young
Head of Academy Administration
