

4 May 2020

Dear Parents/Carers

## Year 9 Options Process May 2020

This is a really exciting time for Year 9 pupils, as they make the final decisions about the courses they would like to study as GCSEs and vocational qualifications next year. To support them and you in this very important decision making process we would like to invite you to use the Loom PowerPoint presentation shared on ShowMyHomework and on the school website (see link below).

<https://www.hayesbrook.kent.sch.uk/optionchoiceresources>

By watching this presentation you will be able to find out the answers to the following sets of questions:-

- Which subjects are compulsory for students (the 'core' curriculum)?
- Which subjects are options? How many options are there?
- What do students study in each course? (see Options Booklet on ShowMyHomework and website)
- What academic and vocational courses are on offer?

We are using an online Options Form this year and this should be submitted by Monday 11 May 2020 (which can be found following the link above).

Yours sincerely

Miss C Nelson  
Head of School
