Dear Families and Pupils

Year 10 Google Classroom Offer

Please find outlined below our Year 10 Google Classroom offer from Monday 29 June (during Term 6). As identified in our letter last week, these sessions have been designed to complement our onsite, Loom recordings and SMHW activities. We will continue to post school work using the traditional timetable for the pupils and note that if our young people are planning to attend a range of the sessions outlined below that this will inevitably have an impact on how quickly they are able to submit work online. It is our hope however, that these sessions / seminars will help them to complete the work set, offering the opportunity to ask questions and check their understanding of the topic(s).

During each virtual session, students should keep to the following expectations:

- Your camera should be switched off
- Your Microphone should be muted unless a teacher has asked you to unmute yourself
- Questions can be typed in the chat box. You must write in formal English - No text talk
- If you misbehave you will be removed from the session and will receive a phone call home
- You must arrive promptly; the lesson will begin exactly three minutes after the scheduled start time
