

15 December 2020

Dear Parents/Carers

External Examinations

In January 2021 some students in Years 11, 12 and 13 will be sitting external examinations for vocational subjects.

Your son or daughter will have been made aware of the exams by their class teacher already but I write to confirm the timings of the exams and which year groups are involved. Please find attached to this communication a copy of the winter exam timetable. For pupils in the Sixth Form this is something that we will discuss further with families during parent/teacher consultations on Wednesday 6 January 2021 but please encourage your son or daughter to contact subject staff before Christmas should they have any queries about the exams that they have been entered for.

I wish your son or daughter the very best of luck in the forthcoming exam series, and also to you and your families a very Merry Christmas and a Happy New Year.

Yours sincerely

Mr Reader
Assistant Principal

Yours sincerely

Steven Reader
