

19 December 2020

Dear Families,

Following today's email regarding the need for Year 8 students to self-isolate, we have received a number of queries regarding the isolation period.

Students are being asked to self-isolate immediately as we received confirmation today that a student received a positive COVID-19 test result last night. As the student concerned was last in school on Monday 14 December the 10 day isolation period will start from this date.

Please also see attached letter sent to all families on 16 December for your information.

Kind regards

Nicki Young  
Head of Academy Administration
