

8 January 2021

Dear Parents/Carers

Key Worker Provision

At this, the end of the first week of key worker provision I wanted to write with a couple of updates to timings for next week. The timetable in school will run in sync with the timetable students are following at home. The start and end of the day, along with break and lunchtimes are as they have been since September. We are following the same timetable that has been communicated to the school community for remote learning, which in turn follows the timings of the school day with P1 starting at 08.45 and school finishing at 14.45pm Monday to Thursday and 13.50 on Fridays.

Arrival to school	Between 8.30 -845
Lessons start	08.45
Dismissal from school (Monday-Thursday)	14.45
Dismissal from school (Friday)	13.50

Students should continue to attend in school uniform and perhaps bring a pair of trainers if they wish to play football or basketball in break and lunch times.

In line with the latest Government guidance, and now that relevant staff have received appropriate training, **from 11 January we will be testing students** using rapid flow testing kits. The Government have changed the permission paperwork for this testing, and so we need to ask you to click [here](#) to complete a new form before we can test your son on Monday.

Finally and most importantly, without exception, all students who have attended school this week have engaged brilliantly with the new way of working that we find ourselves navigating, and have been patient while we all, as a school community, get our remote systems up and running.

As always please don't hesitate to contact us with any queries you may have

Yours sincerely

Gill Ansell
Assistant Principal, Senco
