

22 January 2021

Dear Parents/Carers

Maths

I am writing to you with regards to maths weekly assessments. In order to provide a portfolio of evidence to support your son we are setting weekly exam papers every Thursday on MathsWatch. These papers have a 90 minute time cap and are marked automatically by the MathsWatch software. We will be hoping to be able to set between 9 and 12 of these papers between now and Easter which will allow your son plenty of opportunity to demonstrate his skills, knowledge, understanding and progress.

We have been very encouraged with the engagement with the first exam paper and so please do congratulate and encourage your son to complete these exam papers to the best of his ability. These assessments will provide the department with some of the evidence required to make judgements on his final GCSE grading, dependent on the outcome of the Ofqual consultations on Summer 2021 examinations.

If you have any technical issues or questions please do contact me at school on 01732 500600.

Yours sincerely

C Waight
Curriculum Leader of Maths
